

Faculty Profile

Full Name: Engr. Shazleen Sulait

Position/ Designation: Lecturer

Faculty/Department: Mechanical Engineering Department

Email Address: shazleen.arshad@nhu.edu.pk

Short Introduction

I hold a Masters in Manufacturing Engineering from NED University of Engineering & Technology and have over five years of teaching experience at the undergraduate level. My teaching philosophy revolves around creating an inclusive and engaging learning environment that encourages critical thinking and problem-solving skills. I believe that every student has the potential to succeed, and it is my responsibility to guide them towards their academic goals. In my previous teaching positions, I have used innovative techniques such as case studies, group discussions, and simulations to make the content relevant and accessible to students. My research interests include environmental sustainability.

Experience

I've been teaching for five years. Four years as Lab.Engineer in Nazeer Hussain University & Institute of Business Management and one year as Lecturer in NED University of Engineering & Technology. I learned a lot along the way, especially what teaching methods work best with various classes and subjects, but also how to deal with problems with discipline, something every teacher faces in this area.

Educational Information

I did my Masters in Manufacturing Engineering and Bachelors in Industrial & Manufacturing Engineering from NED University of Engineering & Technology. I had completed my Intermediate from Khatoon-e- Pakistan, Karachi and Matriculation from Grammer Foundation School-Islamabad.

Achievements, Research/Publications

Research Publications:

1. "Gender Specific Barrier in career Progression: A study of Pakistani women employees" 15th Asian Management Forum (SAMF) on op to Management Sciences by AMDIP Pakistan 2019.
2. "Leadership Strategy and Performance Improvement: A Literature Review" Arabian Journal of Business and Management Review (Oman Chapter) vol.8(3),2019
