

## Faculty Profile

**Full Name:** Dr. Syed Akif Uddin

**Position/ Designation:** Associate Professor/Incharge of Pharmacy

**Faculty/Department:** Pharmacy/Pharmaceutics

**Email Address:** akif.uddin@nhu.edu.pk

### Short Introduction

Dr. Syed Akif Uddin is a dedicated pharmacist and academician with expertise in **Pharmaceutical Production, Formulation development, Biopharmaceutics and Pharmacokinetics**. He has extensive teaching experience at both undergraduate and postgraduate levels and has contributed significantly to pharmaceutical research, industrial practice, and academic leadership. Beyond academia, he is an active public speaker, frequently invited to deliver talks on healthcare and pharmaceutical sciences at universities, professional forums, and media platforms.

### Experience

Dr. Syed Akif Uddin is an accomplished pharmacist and academician with extensive experience in both academia and the pharmaceutical industry. He is currently serving as an **Associate Professor** in the Department of Pharmaceutics, Faculty of Pharmacy at Nazeer Hussain University, where he also contributes as LMS Coordinator, Organizing committee member and Vigilance Committee Member. Prior to this, he taught for over a decade at the Department of Pharmaceutics, Faculty of Pharmacy, Federal Urdu University of Arts, Sciences & Technology, mentoring Pharm.D and M.Phil students. Alongside his academic career, Dr. Uddin has held production officer and incharge roles in the pharmaceutical industry, gaining hands-on expertise in tablet, powders, capsule manufacturing and sterile preparation under GMP standards. His combined teaching and industry background enables him to bridge theory with practice, making significant contributions to pharmaceutical education and research.

## Educational Information

Dr. Syed Akif Uddin has pursued a progressive academic journey in the field of pharmacy. He earned his **Ph.D. in Pharmaceutics** from the Federal Urdu University, following the completion of his **M.Phil. in Pharmaceutics** at the same institution. His foundation in pharmacy was established with a **Doctor of Pharmacy (Pharm.D) degree**, also from Federal Urdu University. This strong academic background has provided him with both theoretical knowledge and practical expertise, enabling him to contribute effectively to pharmaceutical education, research, and practice.

## Achievements, Research/Publications

He serves as Editor-in-Chief of the reputed journal and is a life member of several professional associations. **Dr. Syed Akif Uddin is the author of various national and international research articles**, published across reputed journals in the fields of pharmaceutics, pharmaceutical sciences, and public health. Dr. Uddin has been invited as an **external examiner at leading universities** including Ziauddin, FUUAST and NHU University reflecting his academic standing and expertise. He also actively contributes to the scientific community as a **reviewer of research articles** for reputed journals like Pakistan journal of pharmaceutical sciences etc. Notably, in **2015 and 2022 at Federal Urdu University**, Pharm.D students under his supervision won **first prize in project competitions** focused on industrial equipment design and innovation.
